MRS. WM. ARCHER

Tells Mothers What To Do for Delicate Children

"My fourteen-year-old daughter was very thin and delicate. She had a bad cough so that I became very much alarmed about her health. She was nerv-ous and did not sleep well, had very lit-tle appetite and doctors did not help Having heard so much about Vinol decided to give it a trial. It has helped her wonderfully. She can sleep all night now without coughing once, in fact her cough is gone. Her appetite is greatly improved and she has gained in weight. inol is a wonderful medicine and l will always keep it in the house. I wish every mother knew what Vinol will do for delicate children." Mrs. Wm.

Archer, Long Branch, N. J. This delicious cod liver and iron preparation without oil is a wonderful body builder and strength creator for both young and old. We promise to give back your money in every such case where Vinol does not benefit. This hows our faith in Vinol, Red Cross Pharmacy, Burt H. Wells, Barre, Vt. -Advt.

BRACKETT SHAW & LUNT CO.,

CLARK'S CUTAWAY HARROWS

Are one thing and all other Cutaway Harrows another. They are either infringements or imitations. Clark's are made of higher tempered steel, different shape, and will do better work. They will pulverize the ground as deep as they cut—and will run one-third easier than any plain disk harrow. If you have tried other kinds of Cutaways and don't like them, don't think Clark's the same, but give Clark's a trial. For sale by

ABOUT THE STATE

HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

Arthur Comstock of St. Albans is ill with a light attack of smallpox, the first case of the disease in that city this

It is reported that Dr. A. E. Houle of Bennington is treating a case of tubercolosis with the Friedmann serum, which was recently received from New York in sufficient quantity for four subcutaneous injections. The cost of the serum was \$25. It is the first time the serum has been used in Vermont.

Mrs. Richard B. Watson of Bennington nearly died last week from eating canned shrimp. The family had them for supper Thursday night and Mrs. Watson, who ate more heartily of them than the rest, was taken violently ill in This the night. When a physician arrived, Cross her heart and pulse action were practi-cally gone and it was the doctor's opin-P. S .- For children's eezema, Saxo ion that in another half hour, without keeping, I will sell at public auction Salve is guaranteed truly wonderful, medical assistance, she would have died.

> Rutland sugar makers agree this year promises to be a very poor one for that industry. Charles Seward of East Wailingford, who taps between 2,000 and 2,500 trees each season, states that from 25 to 30 barrels of sap, which should have produced about that number of gallons of syrup, the sap only produced six. The sap seems very thin and tasteless. He estimates syrup prices will mount to from \$2 to \$3 per barrel and will be very scarce at that,

For half an hour or more Saturday, Walter L. Manley was a prisoner in a last week, small ante-room in Manley Brothers garage at Brattleboro and he was te leased with some difficulty. Closing the door behind him, it became locked and he was unable to operate the lock. Mr. ed the attention of an employe, but the door. A carpenter was sent for, and he worked on the lock without avail Then another carpenter was secured and they found it necessary to remove the door case before they could release Mr

Hatching Chickens by Wholesale.

There is now in operation at Port O .onnor, Texas, a machine that is capable of turning out a chicken every twelve econds for twenty-four hours a day, and for three hundred and sixty live day a year, says a writer in Technical World eral housework. Apply at for April. This mammoth hatcher is the eral housework. Apply at street, between 4 and 6 p. m.

fruit dryer. This idea has been tried before, but was not a success on account of the hot air rising. In the present in-stance, this difficulty is overcome by forcing a continual current of air from centrifugal fan through the hatching chamber, which serves to keep it at an even temperature throughout. While this is quite an item of expense and would not pay with a small machine, yet in a big plant it is paid for several times over by the saving of the duplication of the small machines, as well as by the economy of the fuel and labor.

One of the unique improvements in the Texas plant is a turning system, by which compartments holding 10,000 eggs are swung on a pivot and the eggs turned by inverting the entire compartment, This enables one man to turn 100,000 eggs in less than two minutes. These eggs are ventilated and maintained at an equal temperature by an eight hundred pound centrifugal fan, requiring four horsepower to operate it, and the temperature is regulated to a tenth of one degree, while water sprays regulate the moisture to a similar nicety.

The eggs are not cooled from the time they enter the hatchery until they leave.

Mrs. Cleveland's Popularity.

Hilary A. Herbert, who was secretary of the navy in the last Democratic administration, contributes to the March "Century" an article which though entitled "Grover Cleveland and His Cabinet at Work" deals as well with cabinet social life. The relations between Mrs Cleveland and the cabinet ladies were as delightful as those between the president and his staff, says Mr. Herbert, and none of us admired Mr. Cleveland more than we did the first lady of the land.

Sometimes, however, Mrs. Cleveland thaught members of the cabinet were encroaching upon her prerogatives. One bright afternoon I was sitting with the president going over some business. The hour for his usual afternoon drive had arrived. Mrs. Cleveland came in dressed for the ride, gauntlets in hand, "Well, she said, addressing herself to the president, "it's time for you to go." "I can't go this evening," was the reply, "Secretary Herbert has some business he wants to talk over with me." "Yes," she said, tapping him at the same time playfully on the knee with one of her gauntlets, "that's always the way. You prefer your secretaries to me," and then turning to me, she said, "I hate every one of you cabinet officers. You are always taking him when you know that he needs his drive," But the business was said district, ibs add ay of March, A. D. 1913.

MARY J. CUTLER, Register.

you cabinet officers. You are always taking him when you know that he needs his drive." But the business went on.

The Cause of Rheumatism

Stomach trouble, lary liver and deranged kidneys are the cause of rheumatism. Get your stomach, liver, kidneys and bowels in healthy condition by taking Electric Bitters, and you will not be troubled with the pains of rheumatism. Charles B. Allen, a school principal. of Sylvania, Ga., who suffered indescribable torture from rheumatism, liver and diseased kidneys, writes: "All remedies failed until I used Electric Bitters, but four bottles of this wonderful remedy cured in completely." Maybe your rheumatic pains come from stomach, liver and kidneys, writes: "All remedies failed until I used Electric Bitters, but four bottles of this wonderful remedy cured in completely." Maybe your rheumatic pains come from stomach, liver and kidneys for the Red Cross Pharmacy.

The Cost of Living.

"I do not see why folks complain,"
Said Jorkins, "of the price of meat; For 50 cents a pound you get A sirloin steak that can't be beat, For the same money you can buy A luscious English motton chon

Why should you ask for more than Yes, Jorkins keeps a butcher shop,

"The cost of living ain't so high," Said Jobkins, "Why should folks find faulty

For half a dollar you can buy A full three months supply of salt. Just think what people had to pay Right after our great civil war, tell you flour cost money then!"-Yes, Jobkins keeps a grocery store.

But Jobkins went to buy some meat, And said that Jorkins was a skin; And Jorkins, paying Jobkins' bill, Declared he had been taken in; And when the coal man asked for pay

They both set up a mighty shout; And just as they were feeling worst The plumber came and cleaned them out!-Somerville Journal.

Pronunciation.

Husband (with bad cold, reading out war news to his wife)-I see the garians have taken a-a-tcher-t-tishah!

Tommy-Pop, are the bald eagles a distinct variety. Tommy's Pop-I can't say positively my son, but I rather fancy a bald eagle is simply a married one.

SOME ATTRACTIVE PROPOSITIONS

IN FARMS-LET US SHOW THEM TO YOU.

third of its type built by the inventor, who was formerly a poultry expect for the government. It is the second largest hatching establishment in the world, being slightly exceeded in capacity by a hatchery at Petaluma, California, which holds 165,000 eggs as against 150,000 in the Texas machine.

Perhaps the most remarkable feature of this plant is the fact that all the eggs, together with room for candling, chickpacking, and all engines, fans and equipment, occupy but a single floor 16 by 50 feet. Furnished with common incubations, and the same capacity in three weeks as this plant has in a single day.

This wonderful economy of space and cost is attained by placing the eggs in superimpos! trays like the type cases in a fruit driver. This idea has been total in a fruit driver.
